

MCRC FROST CALL 031-02 DATED 31 MAY 2002
(Corrected copy)

From: Commanding General, Marine Corps Recruiting Command

Subj: RECRUITER ELIGIBILITY DETERMINATION DATABASE (REDD)
WEBSITE ESTABLISHMENT BY DEFENSE DATA MANPOWER CENTER
(DMDC)

Ref: (a) MCO P1100.72B Short Title: MPPM
(b) Memorandum for the Record from MCRC to USMEPCOM
dated 21 May 2002

Encl: (1) Access List for REDD Users
(2) Sample REDD Database Response Form

1. Purpose. To notify all levels of the Marine Corps Recruiting Command of the implementation of the Recruiter Eligibility Determination Database (REDD) by Defense Manpower Data Center (DMDC) in Monterey CA.

2. Background. DMDC in Monterey CA. receives records from USMEPCOM and military branches to establish dates of military service and separation data. Reference (a) directs all recruiters to call the DMDC Toll-Free number to verify the IRE and ISC codes of all Prior Service applicants. The toll free number currently used will remain in effect. Additionally DMDC has established the REDD Website for those previously identified in enclosure (1) as authorized users. The effective timeframe for use of this Website is during June 2002. Enclosure (2) is a sample of the REDD Response Form from the DMDC website.

3. Information. MCRC G-3 will enter the three (3) users per RS, MCD, and A/CS Recruiting/RLS staffs previously submitted. DMDC will provide user LOGIN and PASSWORDS to MCRC Security Site Managers (SSM's). MCRC has two SSM's that will monitor REDD users at all levels. One SSM will service ERR and one will service WRR. Upon notification by DMDC of the site availability, the MCRC SSM for each region will notify users by separate correspondence with all necessary access instructions. The Website will be available 23 hours daily, closed from 2300-2400 Pacific Standard Time. The URL for authorized users is:

<https://www.dmdc.osd.mil/reddwb/owa/request.home>

Authorized users, who share their Assigned User ID and Passwords to unauthorized users, will be removed from site access by DMDC and no replacements will be entertained. Operations Sections were the primary focus for REDD Website access. Recruiters are

Subj: RECRUITER ELIGIBILITY DETERMINATION DATABASE (REDD)
WEBSITE ESTABLISHMENT BY DEFENSE DATA MANPOWER CENTER
(DMDC)

not authorized access to the REDD, instead will continue to use the toll free number for DMDC contained in reference (a). The REDD Website Response Sheet will provide the following verification information on the prior service member:

- a. Name, SSN, Gender, DOB
- b. Branch of Service, Dates of Service
- c. IRE, ISC, SPD and Reenlistment Code Assigned
- d. MEPS ASVAB scores at time of enlistment

4. Action. Upon notification by the MCRC Security Site Manager of REDD Website access, authorized users may use the site, and print off REDD Response Sheets for prior service applicants. REDD Response Sheets provided by this website can be used to verify the following data, and in agreement with reference (b) for processing purposes at MEPS, in lieu of a DD214:

- a. Verifying NAME, SSN AND DOB of applicant
- b. Verifying Prior Service Component(s) of applicant
- c. Verifying Active Duty Period(s) of applicant
- d. Verifying Character of Service of applicant
- e. Verifying IRE, ISC, SPD and RE-Code of applicant

The primary document for prior service verification is the DD214/DD215. If the REDD Response sheet is used for prior service **processing** verification purposes at the MEPS, it can be forwarded as part of a Prior Service Enlistment Program (PSEP) package to MCRC. To contract a prior service applicant at the MEPS only a DD368 or DD214 will be accepted. The use of the REDD Response Sheet is to allow qualification processing for those who do not have their DD214 in their possession. Any contradiction between a DD214 of an applicant and the REDD Website will be referred to MCRC for clarification. The contents of this frost call will be incorporated into the upcoming revision to reference (a).

5. Point of contacts (SSM's) at MCRC G-3 are; ERR: M. J. STYKA, and WRR: GySgt J. RUSSELL. Alternate for both regions will be MSgt J. ALLAN at commercial (703) 784-9403 or DSN 278-9403.

MCRC FROST CALL 031-02 DATED 31 MAY 2002

From: Commanding General, Marine Corps Recruiting Command

Subj: RECRUITER ELIGIBILITY DETERMINATION DATABASE (REDD)
WEBSITE ESTABLISHMENT BY DEFENSE DATA MANPOWER CENTER
(DMDC)

Ref: (a) MCO P1100.72B Short Title: MPPM
(b) Memorandum for the Record from MCRC to USMEPCOM
dated 21 May 2002

Encl: (1) Access List for REDD Users
(2) Sample REDD Database Response Form

1. Purpose. To notify all levels of the Marine Corps Recruiting Command of the implementation of the Recruiter Eligibility Determination Database (REDD) by Defense Manpower Data Center (DMDC) in Monterey CA.

2. Background. DMDC in Monterey CA. receives records from USMEPCOM and military branches to establish dates of military service and separation data. Reference (a) directs all recruiters to call the DMDC Toll-Free number to verify the IRE and ISC codes of all Prior Service applicants. The toll free number currently used will remain in effect. Additionally DMDC has established the REDD Website for those previously identified in enclosure (1) as authorized users. The effective timeframe for use of this Website is during June 2002. Enclosure (2) is a sample of the REDD Response Form from the DMDC website.

3. Information. MCRC G-3 will enter the three (3) users per RS, MCD, and A/CS Recruiting/RLS staffs previously submitted. DMDC will provide user LOGIN and PASSWORDS to MCRC Security Site Managers (SSM's). MCRC has two SSM's that will monitor REDD users at all levels. One SSM will service ERR and one will service WRR. Upon notification by DMDC of the site availability, the MCRC SSM for each region will notify users by separate correspondence with all necessary access instructions. The Website will be available 23 hours daily, closed from 2300-2400 Pacific Standard Time. The URL for authorized users is:

<https://www.dmdc.osd.mil/reddwb/owa/request.home>

Authorized users, who share their Assigned User ID and Passwords to unauthorized users, will be removed from site access by DMDC and no replacements will be entertained. Operations Sections were the primary focus for REDD Website access. Recruiters are

Subj: RECRUITER ELIGIBILITY DETERMINATION DATABASE (REDD)
WEBSITE ESTABLISHMENT BY DEFENSE DATA MANPOWER CENTER
(DMDC)

not authorized access to the REDD, instead will continue to use the toll free number for DMDC contained in reference (a). The REDD Website Response Sheet will provide the following verification information on the prior service member:

- a. Name, SSN, Gender, DOB
- b. Branch of Service, Dates of Service
- c. IRE, ISC, SPD and Reenlistment Code Assigned
- d. MEPS ASVAB scores at time of enlistment

4. Action. Upon notification by the MCRC Security Site Manager of REDD Website access, authorized users may use the site, and print off REDD Response Sheets for prior service applicants. REDD Response Sheets provided by this website can be used to verify the following data, and in agreement with reference (b) for processing purposes at MEPS, in lieu of a DD214:

- a. Verifying NAME, SSN AND DOB of applicant
- b. Verifying Prior Service Component(s) of applicant
- c. Verifying Active Duty Period(s) of applicant
- d. Verifying Character of Service of applicant
- e. Verifying IRE, ISC, SPD and RE-Code of applicant

The primary and desired document for prior service verification is the DD214/DD215. If the REDD Response sheet is used for prior service enlistment verification purposes, it will be treated as a DD214 for enlistment package processing. Any contradiction between a DD214 of an applicant and the REDD Website will be referred to MCRC for clarification. The contents of this frost call will be incorporated into the upcoming revision to reference (a).

5. Point of contacts (SSM's) at MCRC G-3 are; ERR: M. J. STYKA, and WRR: GySgt J. RUSSELL. Alternate for both regions will be MSgt J. Allan at commercial (703) 784-9403 or DSN 278-9403.

> Subject: DMDC REDD Website Screen Print

> We have an initiative to incorporate in USMEPCOM Reg 601-23 the
> Recruiter Eligibility Data Display website screen print (REDD) as being
> acceptable for applicant processing if the DD Form 214 is not available.

> DMDC has projected 1 May 02 for full implementation of the REDD
> Website.

> We request that you (the Services) determine disposition procedures
> of this screen print - in the packet - to the Reception Centers. Also,
> once this is determined, we request the Services ensure the Reception
> Centers are ready to receive, etc.

> Our goal is to present this information at the next DADSIWG mtg. We
> request reply NLT COB 29 May 02. Please forgive the shortfuse.

MEMORANDUM FOR THE RECORD

From: Marine Corps Recruiting Command
To: United States Military Entrance Processing Command,
2834 Green Bay Road, North Chicago, IL 60064-3094

Subj: USE OF RECRUITER ELIGIBILITY DATABASE DETERMINATION
(REDD) SCREEN PRINTOUT FOR PROCESSING OF USMC
APPLICANTS AT MEPS

Ref: (a) DADSIWG mtg of Mar 02

1. The Defense Manpower Data Center (DMDC) Recruiter Eligibility Database Determination (REDD) Screen printout can be used to process any Marine applicant who has prior service. The REDD printout will be accepted in lieu of the DD 214. The REDD will only be used for the following processing purposes:

- a. Verifying NAME, SSN, and Date of Birth of Applicant
- b. Verifying Prior Service Component(s) of Applicant
- c. Verifying Active Duty Period(s) of Applicant
- d. Verifying Character of Service of Applicant
- e. Verifying IRE, ISC, Reenlistment Code and Separation

Code of Applicant

2. USMEPCOM disposition instructions for use of the REDD Printout would be the same as other service required documents. MCRD's Parris Island SC and San Diego CA, are aware of this change.

3. Point of contact in this matter is M. J. Styka MCRC G-3, at commercial (703) 784-9403 or DSN 278-9403.
